

# Are You Running Your Business... or is IT running YOU?

If you are the owner, leader or manager of an entrepreneurial organization who wants to see your business consistently run better and grow faster, Chris Hallberg and EOS can help you and your team **simplify, clarify and achieve your vision**.

Even the most successful entrepreneurs occasionally find running a business more challenging than they expected. Many work longer hours and get less return on their investment of time and money than they would like. Most entrepreneurs regularly grapple with one or more of the following challenges:

- ➔ **Lack of control** - over your time, the market, or the company
- ➔ **People** - don't always listen, understand or follow through
- ➔ **Profit** - there's simply not enough of it
- ➔ **Growth** - is okay, but you just can't seem to break through to the next level. You're stuck on a plateau, and you want off.
- ➔ **Magic Pills** - Lots of remedies and quick fixes have come and gone, but the wheels are still spinning.

"Applying the EOS principles has helped us achieve extraordinary results. Last year, we doubled revenue and tripled profits! Even better, our entire company is aligned with our goals and vision - with powerful results."
